

Also in 1991 the Club organised its first, very successful, classic car show in a large playing field in Wrangle. After some years the popularity of the show saw a move to Graves Park at Kirton and in 2020, another move to May's Field, Hubbert's Bridge which is larger, can accommodate public parking and also offers a more family-friendly environment.

The Club holds regular social events with meetings held at the Graves Park Social Club, Skeldyke Road, Kirton (just off the A16) every third Tuesday in the month. Guest speakers, quizzes, video presentations, etc. are the norm for these evenings which are also often supplemented by refreshments arranged by members.

Many summer weekends are taken up with attendance at local events throughout Lincolnshire and further afield, and there are also a number of events organised each year at which the Club is asked to provide a display. In summary, the Club Committee try to arrange events to suit the variety of tastes of most members and the enthusiastic response within the club suggests that it has been, and continues to be very successful.

Every month the Club publishes and sends out free to members the 'Boston Classic News', its own excellent, full colour magazine which includes details of future events, articles on classic cars and other subjects of interest to members, a market place of items for sale or wanted and occasional light-hearted quizzes.

It is with considerable pride that we can report that, over the years a total of nearly £29,000 has been raised for local charities. This has been achieved through raffles at most events, 'in-Club' auctions, donations and also through the annual show.

The continuing success of the Boston Classic Car Club arises simply from the hard work of the Chairman and Committee and the enthusiasm of its members. Our aim is to recruit many more new members including from the younger generation and to encourage ownership of all classic vehicles. To this end a start has been made by inviting owners of cars produced in the early 2000's and the introduction of an award for the 'Best Young Enthusiast' at our 30th annual show (14th August 2022).

The club welcomes new members so if you would like to join an active and enthusiastic group of classic car and vehicle owners please contact the Membership Secretary, Keith Wright, 01205 290818/07740 280651, [keithalanwright@gmail.com](mailto:keithalanwright@gmail.com) who would be delighted to provide you with further details.
